

Summary report

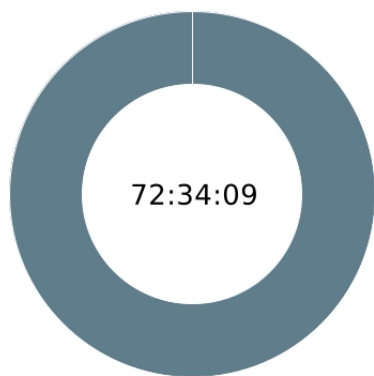

01/01/2020 - 31/12/2020

Total: 72:34:09 Billable: 57:34:09 Amount: 0.00 USD

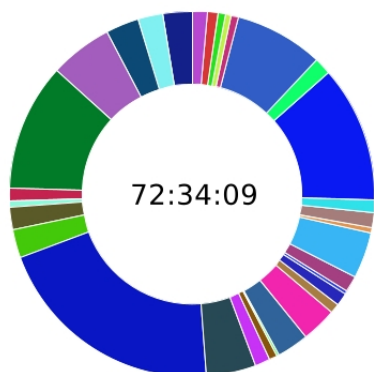

Project

• Nethackers - lasencinas

72:34:09

Description

• Retrieving cookies from the broser into Vue router	01:50:23
• Config multer to upload PDF's + make it work	01:38:09
• Showing offers in main page & single offer view	02:07:58
• Auth form & configuration	03:59:31
• Definition of the preliminary draft	08:10:59

● Add content MainPage component	00:49:45
● Improving docs	00:21:35
● Creating the Offers routes and controller	01:25:54
● Improving Offer.vue component	01:49:30
● Training	15:00:00
● Saving an Offer into the DB	03:09:01
● Reconfiguring application structure	01:00:00
● Creation of Footer.vue	00:29:48
● Configuring the Import of the Models	00:08:10
● Save applicants + show them by offer	02:02:12
● Edit offer functionality	02:14:36
● Make the form to create new recruiters' accounts	00:39:44
● Improving CreateAccount-vue and CreateOffer.vue valdiations	00:46:36
● Creating Header.vue	00:13:35
● Project initialization - front and back-end environment	01:00:52
● Set up Jest + powertest; test first endpoint	03:00:00
● Make the recruiters' model	00:18:21
● Deleting existing User accounts	00:56:16
● Sanitizing data from client to db	00:51:20
● Testin API endpoints	08:43:33
● Refactor User model - existing email	01:06:59
● Creating the new Offer form	05:39:12
● Defining the Offers Model	00:29:36
● Deleting Offers	00:22:51
● Saving recruiters into DB	00:30:02
● Profile configuration for the recruiter	00:37:23
● Making config panel	01:00:18

Project / Description	Duration	Amount
Nethackers	72:34:09	0.00 USD
Retrieving cookies from the broser into Vue router	01:50:23	0.00 USD
Config multer to upload PDF's + make it work	01:38:09	0.00 USD
Showing offers in main page & single offer view	02:07:58	0.00 USD
Auth form & configuration	03:59:31	0.00 USD
